## November Newsletter

Volume 2 Number 11

### **NOVEMBER** - the time for harvest! This is

a great time to get your list of "things" organized for your upcoming wedding. If you are a 2007 bride, your time is quickly approaching. You may want to check the web site ([www.charleseweddingmagazine.com](http://www.charleseweddingmagazine.com)) for the Bride's Checklist. This is your "Don't Forget" month. Keep your list handy and available. The goal is to check off every item one week before your wedding. Get to work!

Reward yourself every time you achieve completing a task. Treat yourself to some frozen yogurt or a nice gourmet cup of coffee. It's important to stay focused. Spend some quality time with your groom.

"The early bird gets the worm"

This is an excellent time of year to shop for bargains. Just think of all of the savings. You can put that "extra" money aside for the honeymoon. Take advantage of the family and friends that travel

during this month. It's nice to be surrounded by close family and friends. This is a great time to wrap gifts for your wedding party. Pop some popcorn, show a movie, and host a get-together to wrap presents. Have fun!

Happy Thanksgiving!
